About the Project

We want to provide users with a concrete way to be more Eco Friendly, by tracking their CO₂ emissions in Transportation, Purchases, Diet, Energy and Housing, and working towards reducing them alongside their community.

Timeline

This Week

- Continuing Development

Next Week

- Preparing Final Presentation

- Perfecting Prototype

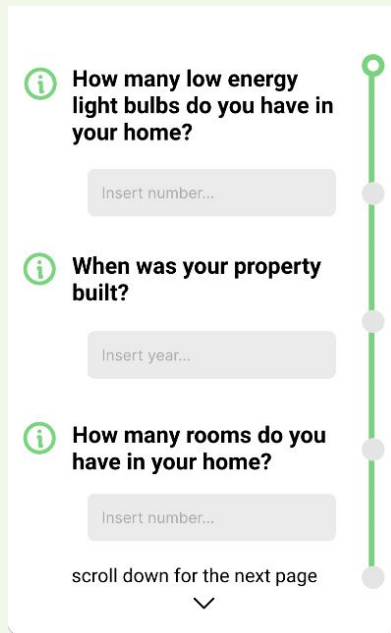

01

The Changes

Rework the Survey questions

Removed unnecessary
and confusing questions.

 **How many low energy light bulbs do you have in your home?**

Insert number...

 **When was your property built?**

Insert year...

 **How many rooms do you have in your home?**

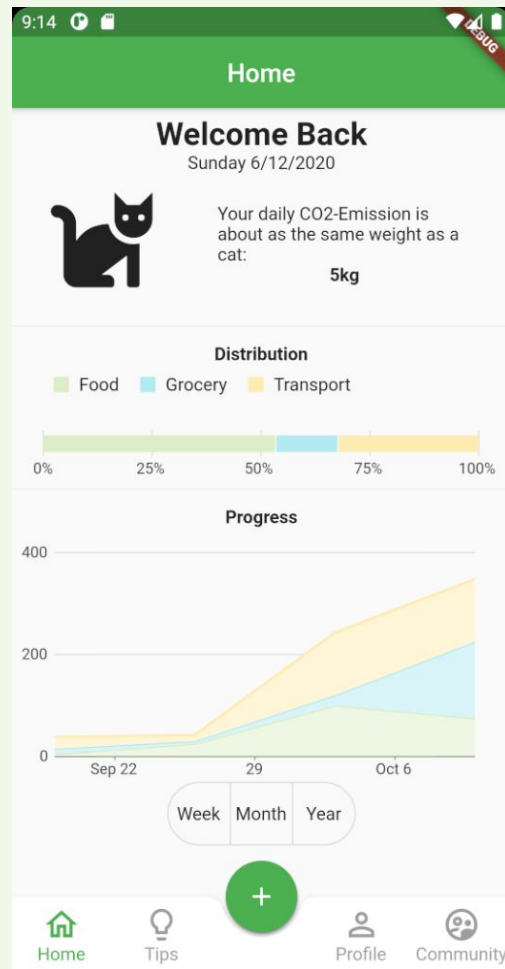

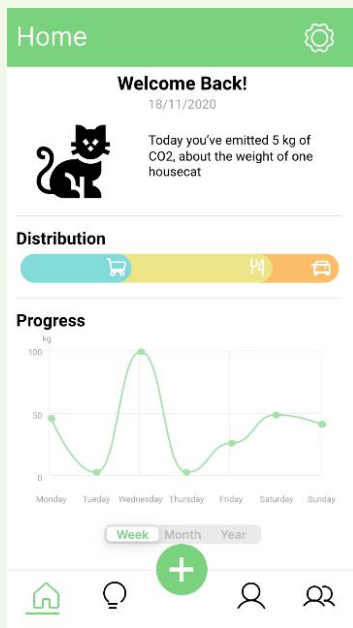

Insert number...

scroll down for the next page
▼

Modify the stacked bar chart

Made it square and added percentages.

Increase text
size on Tips

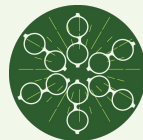

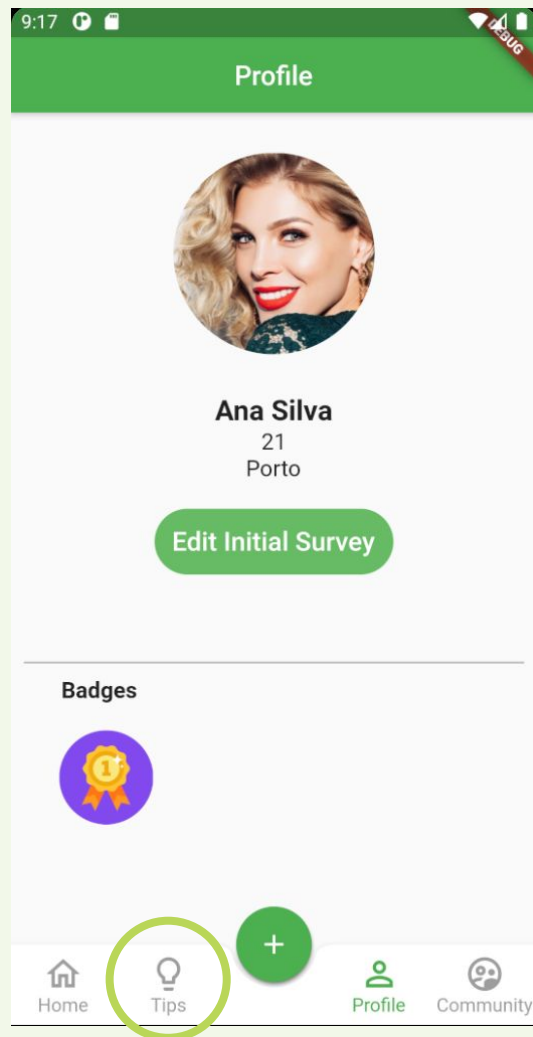

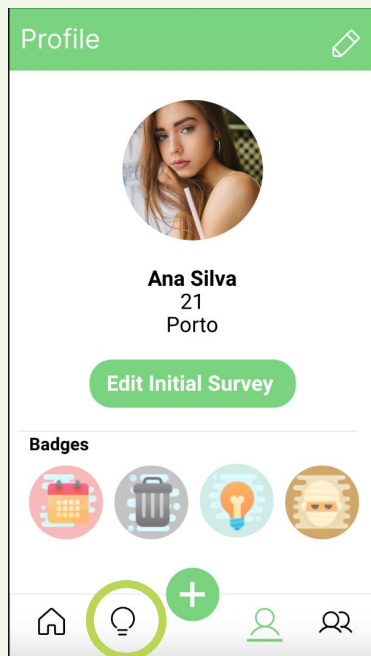

Switch the
yellow color

Changed color and
size for a better contrast

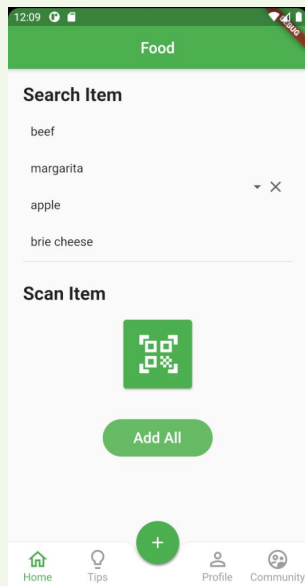

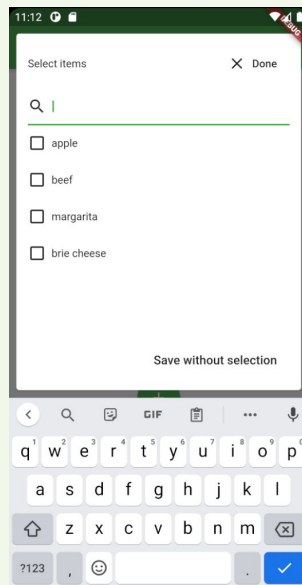

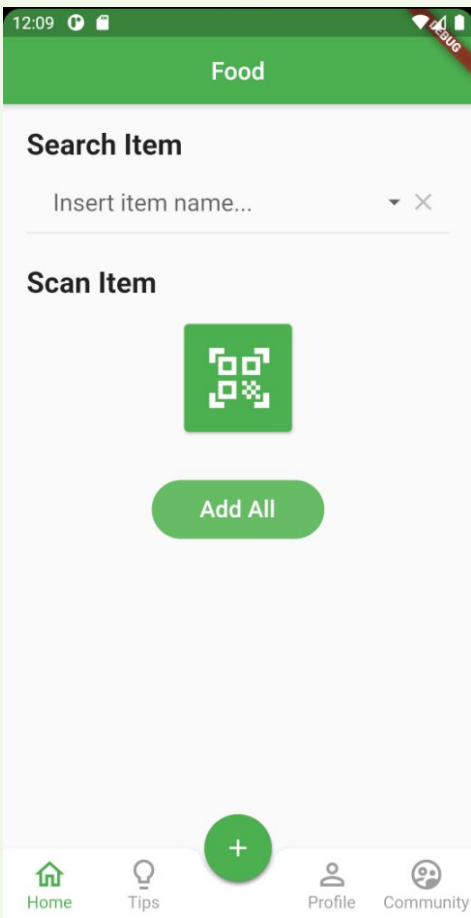

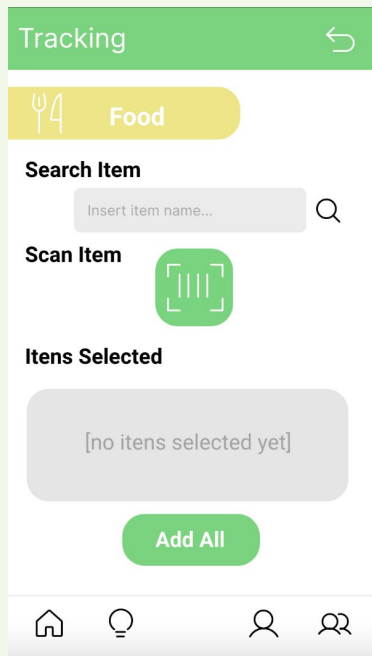

Switch the Tips icon

Change icon and added
text label

Add dropdown menus

Added dropdowns with a limited item list.

02

The Prototype

Live Demo

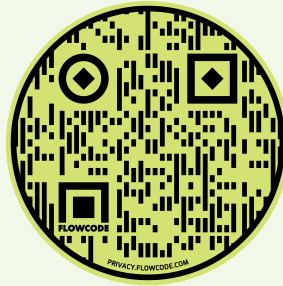

**We are just a bunch of
geeks trying to
change the world one
user at a time.**

Thanks !

Do you have any questions?
